

PAPERS Online Program Event

PAPERS is pleased to announce an educational offering of the PAPERS Online Program. We hope you'll consider participating in this free educational online presentation Wednesday, November 13, 2013.

The Value of Values and their Valuations

The vast majority of financial transactions are based on the principles of present and future value. Time horizons, uncertainty and required returns are all critical components to these valuations. Our webinar will provide a logical framework for understanding the rationale, the theory, and the practical aspects of certain capital asset valuations.

Speaker—Seth M. Lynn, Senior Consultant, Dahab Associates, NY, PA, MA and FL

Dahab Associates, Inc., is a full-service investment consulting firm providing investment guidance and advice to defined benefit, defined contribution, institutional investors and wealthy families since 1986. Currently, Dahab Associates serves seventy-six relationships including public funds, Taft-Hartley funds, corporations, endowments, foundations, and wealthy families totaling \$15 billion.

Seth Lynn joined Dahab Associates in January 2012 having spent the majority of his career as a portfolio manager. Formerly, he was chairman of Byram Capital Management, a small-cap value equity manager he founded in 2002. Prior to that, he spent 15 years with, and ultimately became president and CEO of, Axe-Houghton, an active equity, bond, and international ADR manager of institutional and individual clients. Seth began his career with Bankers Trust Company where, at various times during his 9-year tenure, he served as a research analyst, fixed-income manager, active large-cap manager and head of index funds and investment technology.

Seth received his BA from Yale University in 1971, and his MBA in investment management from the Wharton School of the University of Pennsylvania in 1975. Over the years he has spoken at numerous institutional investing conferences and has contributed to a number of books and articles on domestic and international investing, indexing, and investment technology. This PAPERS Online Program session will be worth 1 (one) PPCP credit with successful completion of a PAPERS PPCP Exam.

While the PAPERS Online Program is designed to accumulate credits for those participating in the PPCP program; the online sessions is available for the *entire* PAPERS membership. The membership is encouraged to attend this free educational offering whether you're currently enrolled in the PPCP program or not.

The purpose of the PAPERS Online program is two-fold. First, the online program is designed to be a convenient way for the PAPERS membership to continue its educational experience. From the comfort of your desk, participants will be able to keep up to date with industry trends, news, and valuable information. Secondly, the online program is designed to supplement PPCP participants' efforts in acquiring course credits towards their certification. Certification must be completed in a three year timeframe and the online program offers participants an opportunity to make up credits from missed conferences or just to further their progress towards certification.

For more information about the PAPERS PPCP Program or to register please visit www.pa-pers.org.

The online sessions are **free** for PPCP participants as well as the general PAPERS membership.

**To register for the November 13th online session
please email Krista Rogers at
