### **A Morrison Update: How Have Your Options Changed In Recovering Against Foreign Companies?**

Presented by: **Robert M. Roseman** and **Andrew D. Abramowitz**  
*Spector Roseman Kodroff & Willis, PC*

See reverse for more information about the speakers for this online program

*Since the Supreme Court's decision in Morrison v. National Australia Bank in 2010, investors have been forced to look beyond the U.S. securities laws in certain instances when looking to recover against corporate wrongdoers. Except in certain limited circumstances, where a fund purchases stock on a foreign exchange, it must look to claim monies overseas. While the Morrison decision has reduced legal options in the U.S., options abroad are growing.*

*Join us for this webinar where we discuss how courts have interpreted Morrison and explore the options that investors have both within the U.S. and abroad where plan monies have been lost due to corporate fraud or mismanagement.*

**Advance registration to participate in this webinar is requested.**

## The purpose of the PAPERS Online program is two-fold

- First, the online program is designed to be a convenient way for the PAPERS membership to continue its educational experience. From the comfort of your desk, participants will be able to keep up to date with industry trends, news, and valuable information.
- Secondly, the online program is designed to supplement PPCP participants' efforts in acquiring course credits towards their certification. Certification must be completed in a three year timeframe and the online program offers participants an opportunity to make up credits from missed conferences or just to further their progress towards certification.

For more information about the PAPERS PPCP Program or for an enrollment application, please visit the PAPERS website <http://www.pa-pers.org/newweb/cert.html>.

The online sessions are **free** for PPCP participants as well as the general PAPERS membership.
